P&P IMPORTS LLC DONATES HALF A MILLION GOLF TEES

Donation Helps First Tee Youth Golf Program Equip Players for Success

IRVINE, CA.

P&P Imports LLC recently partnered with First Tee Orange County and other nationwide First Tee chapters by donating nearly 500,000 of their popular GoSports Widemouth™ golf tees. The tees are specially designed to make teeing easier for golfers of all skill levels.

First Tee Orange County strives to impact the lives of young people by providing educational programs that build character, instill life-enhancing values, and promote healthy choices via the game of golf.

The newly provided tees are especially helpful for young golfers at First Tee looking to build their confidence. This donation will help First Tee chapters by providing one less item to procure for their players.

“Golf products are one of GoSports’ fastest-growing categories, and we thought it fitting to give back to the local golfing community that’s been so supportive of our products,” explains Peter Engler, Co-Founder - P&P Imports. He continues, “It’s also important to encourage the next batch of young players to continue to grow the game. GoSports Widemouth™ tees are a great tool that makes golf easier to learn for all.”

Wendy Cullen, Executive Director at First Tee – Orange County, thanked P&P Imports for their generous donation, stating, “The coaches like how easy it is for our players to tee up their balls when they’re out on the course. Our players love the bright colors and how easy it is to place their golf balls on the top of the tee.”

Peter Tanoury, Co-Founder of P&P Imports adds, “We’re proud to support organizations like First Tee that promote healthy outdoor activity for kids. Participation in sports and play can have a lasting positive impact on the choices they make for their futures.”

The First Tee Orange County players couldn’t agree more. As one young man enthusiastically pointed out, “These GoSports Widemouth™ tees are super cool! I like how I can push the tee in the grass to the line. It works!”

GoSports is one of the fastest growing outdoor game and sporting goods brands in the country and maintains charitable partnerships with the Make-A-Wish Foundation, Boys & Girls Club of OC and more.
